

BKFA Update

No 12 February 2010

TO ALL CLUBS: Please feel free to reproduce all or part of this update in your club's own newsletter. There is no abridged version this time as the subject matter is pretty limited.

If this newsletter needs to go directly to more people in your club, or if it needs to be directed elsewhere, please let Jerry Swift know.

Jerry Swift

An important clarification

It might be inferred from the recent newsletter that KSGB is a member of BKFA. That is not the case and I apologise for any confusion that might have been caused.

To be clear, if we are approached by an individual seeking insurance cover we will encourage them to join their local club who can provide cover in most cases. If that is not suitable for them we will consider offering them access to our policy, but we will also encourage them strongly to join KSGB. Our aim is always that they should be a member of one of the UK's kite clubs whether that club is a member of BKFA or not.
